

## Licence IV

### Vin de France Rosé

#### ABOUT THE ESTATE

- Created by Martine's President Greg Castells, Licence IV is a dynamic, irreverent label that blends our ethos of excellent, artisanal winemaking with a light-hearted twist.
- Available in one-liter bottles and 250ml cans, the white, rosé, and red offered by Licence IV are the perfect go-tos for parties and outdoor events.
- We partner with our existing portfolio of producers to bring wine that we're proud to sell at a price point that makes fine French wine accessible to all.
- The grapes for these wines are organic and/or sustainable, so you can feel good about what you're drinking.
- We honor our commitment to bringing people around the table with Licence IV, which is ready to be enjoyed at any moment.
